## Summary

---

Detail-oriented Computer Science graduate with a strong foundation in software development, artificial intelligence, and web technologies. Experienced in leadership, communication, and teamwork through both technical and non-technical roles. Passionate about building intelligent systems and user-friendly digital solutions, while continuously expanding my knowledge in AI, data processing, and full-stack development. Open to opportunities in software development, AI, and other technology-driven fields.

## Technical Skills

---

Languages: Python, JavaScript, TypeScript, HTML, CSS, Java, SQL

Frameworks & Tools: React, Node.js, MySQL, Git, VS Code

Areas of Interest: Artificial Intelligence, Machine Learning, Software Development, Data Science, Web Development

## Work Experience

---

### Head Bartender – *Liquid Beach Bar*

**05/2025 – 09/2025**

- Managed day-to-day bar operations, supervised staff, and ensured smooth service flow.
- Delivered excellent customer service while maintaining high-quality standards.

- Cultivated strong decision-making and accountability — essential leadership traits for recruitment roles.

**Education**

---

**Democritus University of Thrace (D.U.Th.)****10/2021 - 06/2025**

- Bachelor's degree in computer science

**Obuda University - John von Neumann Faculty of Informatics****02/2024 - 06/2024**

- Participated in the Erasmus Exchange Program focused on Computer Science.

**Certifications**

---

- ChatGPT Prompt Engineering for Developers
- Building Generative AI Applications with Gradio
- Evaluating and Debugging Generative AI
- Responsive Web Design
- Introduction to Cybersecurity
- Developing Your Emotional Intelligence

**Languages**

---

- Greek – Native
- English – C2

**Skills & abilities**

---

- Communication & Interpersonal Skills
- Team Leadership & Collaboration
- Organization & Time Management
- Technical Understanding (Software Development)
- Organization & Time Management
- Adaptability & Problem-Solving
